

COVID-19 UPDATE

March 13, 2020

Dear Hollandia Family,

Although the personal risk level for COVID-19 remains low in Saskatoon, Canada Soccer has recently announced a suspension of all soccer related activities across Canada. As a result, our evaluation process for the outdoor season will be postponed.

Our governing and league bodies are working diligently to ensure that a successful upcoming season of soccer occurs for our children while keeping everyone's health and safety a top priority. At this time, we anticipate the outdoor season (which isn't scheduled to begin until the end of April/ beginning of May) will run as normal.

We thank everyone for their patience and support as we work on contingency plans to ensure a successful season start-up during challenging times. As more information becomes available, we will share it with you via social media and email.
